

Jimmy Baraglia (ジミー)

Osaka University (大阪大学)

What I did:

- I implemented a policy learning using online reinforcement learning for a adaptive Liquid State Machine on iCubSim (and tried on iCub /o/).
- Attended enriching talks and useful tutorials.
- Met a lot of new friends/collaborators ...

What I learnt:

- A lot!

What I want to do:

- Come back next year and teach iCub more games!

Thank you everyone!

"You have to learn
the rules of the
game. And then,
you have to
play better
than anyone
~~else.~~ *human.*"

--Albert Einstein
iCub
